- Developed for Mercury Vapour and LED UV Lamps
- Fast Curing
- Excellent Colour Gamut
- Enhanced Scuff and Chemical Resistance
- Supported by NUtec Digital's Ink Delivery System (IDS) Warranty

OVERVIEW

The Amethyst A50-RTR-EF is a premium roll-to-roll UV curable ink suitable for use on the EFI[®] VUTEK[®] Roll-to-Roll QS and GS series printers. This flexible, fast curing UV ink is suitable for Mercury Vapour and LED UV Lamps and designed for self-adhesive as well as flexible media.

The A50-RTR-EF performs well in a demanding, high speed printing environment, providing enhanced scuff and chemical resistance.

This formula features an excellent colour gamut for bright, vivid images.

Provided the inks are used in regular applications, using suitable substrates, the printed images will last for up to 24 months.
