

aquamarine

AQ10-DST-HD

FEATURES

- Optimised for transfer printing
- High density colour leads to reduced ink consumption per litre
- For coated and uncoated transfer paper
- Faster print speeds for increased productivity
- Excellent print reliability and superior colour gamut
- Fast drying for high speed printing
- Supported by NUtec Digital's Ink Delivery System Warranty

OVERVIEW

The Aquamarine AQ10-DST-HD is a high density dye sublimation ink, designed for coated and uncoated transfer paper.

Productivity is improved through high speed printing delivering vibrant images with lower ink consumption.

Complies to Adidas A01 Standard.
