## OVERVIEW

The Topaz T21-X3 is a premium quality, general purpose, mild solvent ink, formulated for use in printers using the Konica 14pl/42pl and Xaar print heads. With a wide colour gamut and high optical density, image quality is unsurpassed when using the Topaz T21-X3.

The Topaz T21-X3 ink also offers excellent media compatibility across a broad range of self-adhesive and flexible substrates.

Provided the inks are used in regular applications, on suitable substrates, the printed images will last for up to two years.
