

cleaning  
solution

**MF+**

## FEATURES

- For Superwide Format solvent inks

### USED FOR:

- General Maintenance
- Conversions
- Storage Fluid

## OVERVIEW

NUtec's MF+ is a cleaning and flushing solution to be used in conjunction with NUtec's Superwide Format Solvent digital printing inks.

The standard NUtec conversion procedure is to first flush with the existing ink's flush, secondly using NUtec's MF+ and lastly the NUtec Superwide Format Solvent ink set.

Note that no other cleaning/flushing solution is to be used with NUtec inks and the MF+ cleaning solution is not to be used with non-NUtec inks.

For information regarding NUtec's recommended flushing procedures, please refer to technical document GN007 found at your nearest dealer.
