- Suitable for Mimaki[®] Roll-to-Roll Printers
- Enhanced Media Adhesion
- Developed for LED UV Lamps
- High Density Colour
- GREENGUARD Gold Certified
- Supported by NUtec Digital's Ink Delivery System (IDS) Warranty

OVERVIEW

The Amethyst A20-RTR-MI is a premium quality, roll-to-roll UV ink, designed for a wide range of flexible applications and is suitable for the Mimaki[®] Roll-to-Roll printers.

It is GREENGUARD Gold certified to the highest standards for health-based chemical emissions, ensuring the ink is acceptable for use in sensitive environments, such as schools and hospitals.

The Amethyst A20-RTR-MI is a high density colour ink that cures with LED UV lamps.

This formulation features an extended colour gamut for bright, vivid images.

Provided the inks are used in regular applications, using suitable substrates, the printed images will last for up to 24 months.
