

aquamarine
AQ10-DST-HC

FEATURES

- Optimised for transfer printing
- High density colour leads to reduced ink consumption per litre
- OEKO-TEX Eco Passport Certified
- Excellent print reliability and superior colour gamut
- Fast drying for high speed printing
- Supported by NUtec Digital's Ink Delivery System (IDS) Warranty

OVERVIEW

The Aquamarine AQ10-DST-HC is a high density dye sublimation ink, designed for coated and uncoated transfer paper.

Productivity is improved through high speed printing delivering vibrant images with lower ink consumption.

The AQ10-DST-HC ink formulation is OEKO-TEX Eco Passport certified. This is an independent accreditation for chemicals, dyes and additives used in the textile industry, ensuring they are not harmful to human health and may be used for sustainable textile and clothing production.
