R10-RTR

FEATURES

- Designed for Roll-to-Roll applications
- Optimised for LED UV lamp curing
- Good media adhesion
- High density colour
- Supported by NUTec Digital's Ink Delivery System (IDS) Warranty

OVERVIEW

Ruby R10-RTR is a premium quality, roll-to-roll UV-curable ink designed for a wide range of flexible applications.

The R10-RTR formulation features a superior colour gamut for bright, vivid images and performs well in a high-speed printing environment.

The Ruby R10-RTR is a high density colour ink that is optimised for LED UV lamp curing.

Provided the inks are used in regular applications, using suitable substrates, the printed images will not fade unduly for up to 24 months.
